

**GREEN PARTY
AUTUMN CONFERENCE
6-8 SEPTEMBER 2024**

**Promotional opportunities
at conference:**

Exhibition, advertising, fringe programme

A MESSAGE FROM OUR LEADERS

With record local election results in May 2023, membership growing and momentum like never before in anticipation of this General Election, this Autumn Conference in Manchester will be a special one.

In just four local elections, we have more than quadrupled our number of elected councillors across England and Wales. Our record-breaking net gain of councillors in May was right at the top end of what we thought might be possible, a testament to the growing appetite for practical Green solutions. The inspiration and impact of hard-working Green councillors has resonated with voters, and they are demanding change through the ballot box, for a Fairer Greener country.

Our historic results show that Greens can win under First Past the Post, from Labour and Conservatives, in rural and urban areas. They have laid foundations for breakthroughs of MPs in places like Bristol, Waveney Valley, and Herefordshire. In tandem with the General Election, this Autumn Conference will be

such a crucial opportunity for the party to shape its next steps into parliament.

Across the country, people are grappling with the burdens of a disastrous cost of living crisis, while the Conservative government remains entrenched in scandal, recklessness, and incompetence. Other parties latch on to business as usual in the face of a global climate emergency. We know these two crises go hand in hand, and that they can and must be tackled together. Our voices need to be heard now more than ever. So we will continue to lead the national discourse on practical solutions that can put people and our planet first, here and now, but also for the future.

We hope you will join us!

WHO ATTENDS CONFERENCE?

OUR MEMBERS AND ACTIVISTS

As a bottom-up organisation where our members decide our policies, our 52,000 – strong and growing – passionate and determined membership base is what drives our growth and success.

GREEN COUNCILLORS

In 2023 we celebrated a monumental local election result after the party made the most gains in its 50-year history taking the total number of Green councillors in England and Wales to a record 747, on a record 166 councils.
